

The Way of Being

In union with Christ

“Just as it is not possible to establish a universal belief, but it is possible, and also desirable, to create a universal experience of love, the same happens with healing paths. They are as many as there are beings. And I assure you that this is not hyperbole, but the simple truth. Here one will be established in particular, not to override others or compare it with them. But for a new light to shine in the middle of the dark night that humanity is going through, and with it many of our brothers and sisters in Christ.” (excerpt from the message received by Sebastián Blaksley in April 2023)

The present spiritual path of enlightenment or healing is designed based on the message received by Sebastian Blaksley in April 2023 from our Divine Mother, in the voice of Christ. It is an official program of the "Beautiful Love Movement", carried out by the Amor Vivo Foundation.

Purpose of the program:

Comprehensive healing through the awareness of Christ as our true and only identity.

Name:

The Way of Being.

About the "Movement of Beautiful Love":

See www.fundacionamorvivo.org/movimiento

Description:

In the words received by Sebastian Blaksley in April 2023:

"Healing is living in the truth and extending the love that you are. We cannot define it any other way, because fulfillment consists precisely in living in perfect harmony – and therefore in union – with your being. Indeed, all disharmony, whatever form it takes, finds its cause in a lack of love, and therefore in an absence of being..."

"...Each form of expression of the power of healing constitutes a link in the chain of universal atonement. There are other links, which are not a form of healing per se, although they also heal. Such is the case, for example, of every act of love given and received. Now we will delve into the specific form that is advocated here and I invite you to explore.

What means are to be used by healers who heal through the living Christ that they are in truth? Silence, blessing, spiritual reading, and sharing in a group or individually. All this, gathered in a totality. We will now talk about each of these elements that make up what we will call here "resurrection encounters".

It will be through these encounters that you will heal others. I will be present in each of them. Heaven will be with me all, together with the true creation. The power of our union, in unity with those who join us, will set in motion the healing power that comes from the resurrection. In other words, from the awareness of eternal life in which you live forever united to my divine reality."

Structure (Resurrection Encounters):

The path consists of carrying out the following three elements.

A- Silence (30 minutes)

B- Spiritual reading (30 minutes)

C- Group sharing (60 minutes) / individual (45 minutes)

Frequency:

It is suggested that all sessions be completed at least once a week, although it is possible to participate intermittently, as the heart dictates.

Confidentiality and privacy:

"Resurrection Encounters" are not recorded or shared. Only those who sign up for the program can participate.

Considerations:

- The spiritual reading will be based on the works received in the "Movement of beautiful love": "Choose only love", "My dialogue with Jesus and Mary: a return to love", "The age of the heart" and others.

- Sessions dedicated to sharing will focus on matters of the heart. It is not their purpose to discern about the shared text, nor about theological or philosophical issues, which can be freely shared in the various spaces created by the Amor Vivo Foundation for this purpose.

In the "Resurrection Encounters" we seek to create a space for mental and emotional healing as a source of physical and integral fulfillment. We do this by activating the healing power of the spirit by sustaining the Christ consciousness in us. Consciously living in it is what we seek to do on this path, whose purpose is to achieve the fullness of love and therefore of our life here, now and always.

- Having the books is highly recommended. This will allow you to read them throughout the program, as well as in privacy, beyond the structured sessions.

- There will be a time dedicated to bless in each session.

- One-on-one sessions should be coordinated directly with the spiritual companion.

Organization:

There is a page for active members of the program. In it, you can access videos, audios of chapters of the works received by Sebastián Blaksley, unpublished texts on the Blog and other tools.

The active members page will have access information, dates and other issues for each session, in order to facilitate organizational issues. You can access the meetings from it. A digital community group will be created in order to exchange experiences or stay in touch.

Although in general terms the meetings will be held digitally (ZOOM), Fundación Amor vivo has the possibility of holding individual and group encounters in person at the "Refuge of Divine Love" or in ad-hoc places. In these cases, the organization and associated costs should be previously defined.

Duration:

The program does not have an ending time. Everyone will be able to participate as much as they feel called to do so. An agenda has been set since July 2023 to July 2024 in order to evaluate possible future modifications and allow flexibility. It will be shared on the web in four-month period. It is worth mentioning that we assume our commitment to integral healing through the elevation of our humanity to the consciousness of Christ. In such a way that it is our desire to provide the group and individual accompaniment service for an indefinite period of time.

About cost:

There is a monthly payment to be an active member of the program (membership). The value is USD 30 per month (in the case of Argentina: AR\$ 8,000). The rate of the individual sessions must be agreed with each spiritual companion and are independent of the monthly membership payment.

Additional donations may be made.

Both monthly payments and donations must be made through the donation page of the Amor Vivo Foundation <https://www.fundacionamorvivo.org/donar-donate>

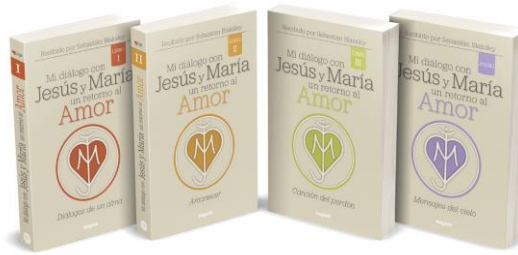

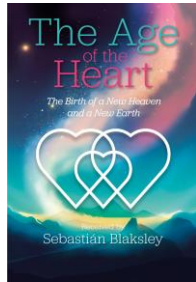

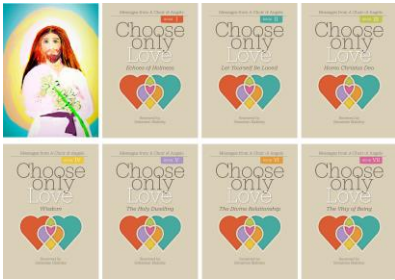

Payment methods:

PayPal, Mercado Pago (for payments in Argentina), Bank Transfer (subject to Argentina's banking policies)

Information and support:
